Bonaire

July 13-20, 2022
and/or
July 20-27, 2022

With as many as 60 officially listed dive sites on Bonaire and another 20 dive sites on Klein Bonaire. Bonaire's sea abounds with beautiful marine life and a fascinating variety of multi-colored tropical fish. The sea is remarkably calm and conditions are superb for both scuba diving and snorkeling. On average, Bonaire's visibility exceeds 100 feet and our average water temperature is 80 degrees Fahrenheit. The fringing reef begins close to the shore, usually a short 30 foot swim or less, making Bonaire world renowned for its ease of shore diving.

We will be staying at Buddys Dive Resort, a PADI 5 Star Gold Palm Resort. The dive operation at Buddy Dive Resort is geared up for you to make the most out of your dive vacation. With a fleet of custom dive boats and a well stocked 'Drive Thru' offering air and nitrox tanks, every divers needs can be satisfied. To help keep the reef environment healthy for many years to come, they encourage all divers traveling to Bonaire to familiarize themselves with the Marine Park Regulations
