Cozumel Mexico

Dive Paradise and Cozumel Hotel

Nov 13-20 2021

Cozumel is renowned as one of the greatest diving destinations in the world. The combination of spectacular coral reefs, located just off the southwestern coast, and the exceptional clarity of the water has made the island a diver's heaven. The diving technique most widely used in Cozumel is drift diving, whereby divers make use of the constant ocean currents to make their way through the reefs. With current speeds as fast as 1.5 knots, you'll find that you will be able to cover more distance on one tank of air than you might at other diving destinations. We will be staying at Hotel Cozumel and diving with Dive Paradise. Dive Paradise has been providing safe, reliable and fun-filled scuba diving in Cozumel, Mexico since 1984. Over the years we've earned the reputation as **"the name you know and trust."** But don't take our word for it - visit their Guest Book and see what their clients say. The Dive Paradise name means personalized diving and attentive service. They offer the island's largest fleet of boats and widest variety of dive trips. Dive Paradise is Cozumel's largest and finest independent dive operator.
