

Saba

Sea Saba & Juliana's Hotel

Nov 4-11, 2023

Saba prides itself on being the safest island in the Caribbean. One can take a stress-free walk any time of the day or night. You don't have to lock your doors, and you'll notice that locals leave their cars unlocked with the keys hanging in the ignition. Known as the "Unspoiled Queen", Saba has a fairytale quality — the sense of being in a place that time has graciously left unchanged, Saba is that secret island which many dream of but few are fortunate to find. With no franchised resorts, casinos, or shopping malls, it's a very different face of the Caribbean.

We will be diving with Sea Saba. Since 1985 Sea Saba has been introducing intrepid divers from all corners of the globe to the beautiful island of Saba, and its spectacular dive sites! With an expert dive team, and well-maintained spacious boats, they aim to ensure you get the best out of your trip to Saba. Diving on Saba couldn't be easier with our fuel-efficient dive boats it's never a matter of saving on fuel or what's easiest for us. One of Saba's attractions is our wide range of dive sites without the need for long boat rides. Our boats are just the right size so as not to be restricted by mooring usage and are large enough to handle almost any conditions. When conditions permit, know that our experienced crew will be ready to show you as much of a variety of the Saba Marine Park as possible.

We will be staying at Juliana's Hotel which is a 15-minute cab ride away from the Juancho Yrausquin Airport. As you travel from the airport, venturing up the winding road, you'll pass Saban cottages, and the villages of Sunrise Ridge and Hell's Gate. This side of the island offers a great vantage point for viewing the neighboring islands, such as St. Maarten, St. Barths and St. Eustatius. On a clear day, you can see as far as Montserrat.
